

Room 9

Three-Way Interviews July 2009

Room 9 Parent Interviews will follow the Three-Way Conferencing Process. This is one that allows the student to be involved and a time where parent and teacher will have discussions **with** them, rather than **about** them.

The conferences work on the understanding that the student needs to be encouraged to develop a growing appreciation that they are able to make a positive difference for their own future and with assistance, create learning goals.

I look forwards to meeting with you and your child at Parent Interviews this week to discuss your child's progress. The interviews will allow your child to share their successes and what they are most pleased about with you. **Please bring your child to the interview so that we can discuss their goals as well as areas of strength and those of identified needs.**

Kind regards,
Rachel Boyd
